MRC 2024 CONFERENCE

NOVEMBER 19-21, 2024 | HALIFAX, NOVA SCOTIA

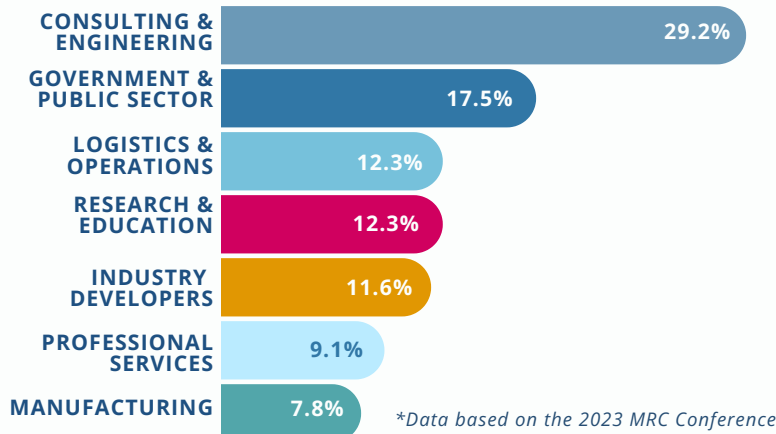

MARRIOTT HARBOURFRONT HOTEL

BRINGING TOGETHER CANADA'S MARINE RENEWABLE ENERGY INDUSTRY

Marine Renewables Canada's 2024 Conference is the largest, most anticipated event of the year for Canada's marine renewable energy industry. Join us in Halifax, Nova Scotia for the only conference in Canada that brings together visionaries, experts, and pioneers in tidal, offshore wind, wave, and river current energy and delivers the most up-to-date information on marine renewables!

Over the course of three days, industry leaders and experts will provide insight on market opportunities, current industry activity and progress, and work underway to enable sector growth.

WHO YOU'LL SEE AT #MRC2024

THE CONFERENCE WILL INCLUDE:

- ✓ Identification of market and innovation opportunities
- ✓ Updates on initiatives and research enabling sector development
- ✓ Insight and discussion on Indigenous involvement and perspectives
- ✓ Updates on Canadian achievements, milestones, and progress by industry leaders
- ✓ Exclusive pre-conference MRC member-only sessions, tailored to support the growth and needs of our members' businesses
- ✓ Industry exhibition profiling capabilities and expertise
- ✓ Networking opportunities to help build new connections and partnerships
