Marine Renewables Spring Summit

SPONSORSHIP OPPORTUNITIES

HALIFAX | NOVA SCOTIA

TUESDAY, MAY 12, 2026

EVENT OVERVIEW

The Marine Renewables Spring Summit will bring together industry, suppliers, Indigenous partners, training institutions, and economic development leaders to focus on strengthening the marine renewables supply chain.

As tidal and offshore wind activity accelerates in Atlantic Canada, the event will provide practical guidance, procurement insights, and actionable advice to help businesses and communities prepare for, participate in, and benefit from a growing marine renewables market.

Beyond project readiness, the summit will highlight the importance of building durable partnerships that ensure local and Indigenous participation in the sector's growth. Through collaboration, workforce development, and stronger connections between industry and community, the event aims to support a resilient, inclusive supply chain that delivers long-term economic benefits for the region and Canada.

Event Details:

Date: May 12, 2026

Time: 9:00am – 5:00pm AST

Location: The Halifax Marriott Harbourfront Hotel | 1919 Upper Water St, Halifax, NS
